

# Get involved to help make open government the new business as usual

## THE COMMITMENTS FROM AUSTRALIA'S FIRST NATIONAL ACTION PLAN 2016 - 2018

The Open Government Partnership (OGP) is a global community of people inside and outside of government from over 70 countries who are committed to making governments more open, accountable, and responsive to citizens.

Australia joined the OGP in 2015 to develop our first National Action Plan. The Australian Government and civil society are working on commitments to promote transparency, empower citizens, fight corruption, and harness new technologies to strengthen governance.
